

Somerford Primary School

Enjoy Aspire Achieve

In KS2 today the children have been working with a circus trainer learning new skills such as juggling, spinning plates and hula hooping. The children in KS1 and reception will have their chance to work with the circus trainer tomorrow using other skills. Some children from each of the year groups will then be performing to the whole school on the school field tomorrow afternoon (Thursday 7th June) at 1410.

You are welcome to come in and watch the children's performance. If you wish to join us then please come in to the field. The school gates will be open from 1400. The doors to get through to the field will be open. You do not need to sign in. The performance will end at 1455 and the children will return to their classrooms from where you can collect them as usual.
