

ENGLISH LESSON – 7.7.20

DESIGN A MECHANICAL

- Cogheart contains characters who are mechanical but talk, act and move just like they are human.
- What jobs did the mechanicals in Cogheart have?
- What were their names? How did their names relate to their jobs?

- Your task today is to design a new mechanical.
- Write a fact sheet about your mechanical saying what their names is, what their job is and what features they have.
- Design an advert for your mechanical which will appear in a Victorian Newspaper.
- Remember to change between formal and informal writing and include technical vocabulary related to a mechanical.
- *You might need to re-visit some of the chapters of the story to remind yourself about how the mechanicals worked.*
