Dear Parents and Carers

15th July 2021

During the last few weeks we have been receiving information on local holiday clubs. We have put together a list of clubs and information about each one.

If you are interested in any of these events, information regarding how to book them can be found under each section. As you can see there is a good selection of clubs and activities to keep the children busy during the long school holiday

Many of these activities are free to Pupil Premium children, please enquire when booking with the club provider.

EDUCAMPS – HOLIDAY ACTIVITIES AND FOOD PROGRAMME

Our programme includes archery, bushcrafts, Nerf Wars, climbing wall, crate stacking, inflatable obstacle course and slide and much more. We also have wet afternoons where at the end of each day the children can have water bomb wars and play on water slides.

Half day and full day sessions are available and we have also included for summer 2021 a full week overnight experience sleeping in a wooden lodge. All children are provided with a cooked lunch daily and breakfast evening meal if staying overnight.

All staff are trained to a minimum of Level 1 safeguarding and hold an enhanced DBS certificate. We also have a Designated and trained DSL and some staff members are qualified in SEN support.

All activities are designed to bring children together so they can challenge themselves with new experiences and tasks involving team building and communication. The benefits of our camps is increased confidence, independence, activity and exercise in a rural back to basics setting with the opportunity to interact with other children and develop friendships.

All policies procedures and risk assessments are in place to include safeguarding, COVID secure, health and safety and Food and Hygiene.

POUNCING PANTHERS – HOLIDAY ACTIVITIES AND FOOD PROGRAMME

Nutritional and Cookery sessions providing children with the knowledge and skills to be able to shop, prepare and cook healthy meals and snacks for themselves and their families.

Football, Hockey, Tennis, Cricket and Dodgeball to provide the children with the physical activity they need for a for and healthy lifestyle.

Woodland Adventures including Den Building, Mini Beast discoveries, Scavenger Hunts and woodland creative projects offering the children the chance to enhance their team building skills whilst bringing out their creative and competitive sides.

Arts & Crafts, providing children with the knowledge and skills to create artwork that shows both their personality and creative skills. Our projects are generally linked to the environment in some way.

Yoga - Helping with the children's balance and mental wellbeing.

Beach Activities - Our venue is a short walk to the beach, which allows us the opportunity to go Litter Picking along the way whilst simultaneously learning about the environment around us. We learn how to look after our oceans and beaches and how to further protect our environment through living a more informed life.

AFC BOURNEMOUTH COMMUNITY SPORTS TRUST – HOLIDAY ACTIVITIES AND FOOD PROGRAMME

We plan to offer a multi-sports holiday club. Although our main experience is within football, we are aware that not all children enjoy the sport. We therefore have previously expanded our sport offer for the free holiday provision so we can engage with a greater number of young people. As well as football they will have the opportunity to play cricket, netball, dodgeball, rounders and general multi-skills games.

From what we have previously delivered we have also learned that some participants need more downtime and the option to just 'chill-out', we will therefore ensure there are some craft options available should they wish to have a break from sport.

The sports will be played in a non-competitive manner and ensure enjoyment for all. The outcome from this we desire is that they go home with an attitude of wanting to have a life-long involvement within sport, which will help keep them healthy going into adulthood. Our healthy lifestyles workshops will also be used to promote them leading a healthy lifestyle.

TWO RIVERS CHILDCARE – HOLIDAY ACTIVITIES AND FOOD PROGRAMME

Two Rivers holiday provision has a core holiday program which covers activities such as:

- Team building sessions
- Sporting activities such as football, dodgeball, handball, tennis etc.
- Arts and crafts
- Science experiments
- Lego and construction
- Board games
- Dance shows
- Disco
- Food preparation and nutrition
- Outdoor play
- Den building
- Lots of opportunity for children to play and make new friends, interact and have fun

In addition to this and in line with the Government commitment to support recovery we are keen to offer. Alongside this we aim to offer an enhanced provision which covers a weekly program of specialised activities run by external providers. The plan is as follows:

Lots of time for practice and games- all with new friends. These activities will enrich the lives of children by: Enabling them to develop social skills, gain in confidence and work towards positive outcomes, research indicates that attendance at additional holiday clubs can also improve attendance at school. The activities we offer also provide a space for children to learn new skills, have fun and relax away from their academic work. This sort of development and investment in mental wellbeing should be an entitlement for all children in our society, not just those from wealthier households and throughout all the activities on offer, we strive to ensure children have time to play, have conversations and laugh with new friends; all within a safe and engaging environment. As part of Twynham learning, Two Rivers Childcare recognises the importance of schools working to close the academic attainment gaps for children who may have fallen behind during the pandemic and also acknowledges that learning is so much wider than academic studies. Therefore, the shared vision is to; ensure that all children and young people within BCP have the best start in life, are happy, healthy and safe and achieve their potential.

The principles underpinning the proposal

- Safeguarding measures will be in place throughout the commissioning process
- High quality assessment of local needs, informed by joint strategic planning with BCP
- Shared values, including a commitment to inclusion, tackling inequalities and closing gaps in outcomes caused by social disadvantage
- Effective joint commissioning arrangements across organisations
- Joined up approaches that strengthen safeguarding and equitability and embed a professional responsibility to the whole family
- Commitment to a drive for efficiency within a best value context: this is about making sure we get the biggest gain from the budget available
