' This is a school that puts pupils first. '

Ofsted November 2021

Friday 7th November 2025

Dear Year 4 Parents,

As a part of our science and topic learning we have arranged for the children to visit the Bournemouth Water Treatment Works on Tuesday 2nd December. The children will receive a tour of the facilities linked the journey of our water to our taps. They will also have an opportunity to use a range of equipment to examine the microorganisms the facility uses to clean waste.

We will leave school promptly at 9am and will return in time for the end of the school day. We will travel to and from the recycling centre by minibus.

The children will need to wear their normal school uniform but this must include full-length bottoms, as well as sensible and sturdy shoes with covered toes. They must also have a waterproof coat as some of the activities will be outdoors.

The children will need to bring a packed lunch. If you have booked a lunch for that day, the kitchen will provide a packed lunch. They will also need to bring a full water bottle.

This trip will cost £10.65. Donations and permissions can be made using Arbor. **Sadly, the trip will not be able to go ahead and will be cancelled by the 28th November 2025, unless everyone has paid the voluntary contribution as the school cannot afford to subsidise trips.**

We believe this trip is an excellent opportunity for the children to develop their understanding of the world around them and further inspire their subsequent learning.

Thank you for your continued support.

Yours Sincerely

Miss Southam
